VOLUME CVIII.--NO. 117. ALEXANDRIA, VA., THURSDAY EVENING, MAY 16, 1907. PRICE 2 CENTS.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason *why* it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed *free* to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drains, painful periods, irregularities, prolapsus, and other displacements, caused by weakness, ulceration of uterus, and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

GREATER ALEXANDRIA.

Profit to Southern Railway by Connection with Coal from Near Alexandria.

Letter No. 7.

Shelton, Va., May. 14.

To the Editor of the Alexandria Gazette.

It will pay the Southern Railway to extend its Bluemont branch to the coal lands near Davis, W. Va., and to the coal of Randolph and Upshur counties, if only to get cheaper coal for its locomotives on the Washington division, to say nothing of those farther South. If I had access to its coal account I could demonstrate this from official figures. As it is I have to do some guessing. Say there are twenty-five daily trains and they use an average of twenty tons daily for three hundred days yearly, that is 150,000 tons annually. Say the saving per ton is sixty cents, that is a saving to the Southern of $90,000 annually. That sum pays the interest on $1,800,000 at five per cent. This leaves coal and iron ore, lumber and other freights and passengers for additional profit. It is 173 miles to Lynchburg and about 498 miles to coal at Jellico, Tennessee, and Middleborough, Ky., over the Southern from Lynchburg. It can be readily seen how much cheaper coal over its own line from near Davis can be brought for the locomotives of the Washington division than from the mines of Tennessee and Kentucky. If I had the cost of coal for the Southern over the B. and O. I could figure on that basis. However, it is plain that a good profit can be had over that coal also. I hope later to be able to get official statistics, so as to work this out as a clear demonstration and not as mere guess work.

My object in this letter is simply to present this subject as one worthy of careful study as a means to the end of assisting in connecting the twin cities—Washington-Alexandria — by railroad with the coals, iron ores and lumber of West Virginia by the most direct route.

Respectfully yours
WM. G. DOUGLAS.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Palm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by W. F. Creighton and Gibson and Timberman.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

SENSATIONAL CONFESSION.

The greatest sensation in the San Franisco graft cases since the wholesale confession of the boodling supervisors came yesterday, when Abe Ruef, the indicted "boss," whose trial was to be called, made a confession of his guilt and extortion in court, and agreed to aid in the prosecution of the boodlers.

It was a complete surprise to Ruef's counsel, as well as to the prosecution, and the scene in the courtroom was pitiable when the once gay, supremely confident political leader broke down, wept, and nearly collapse while acknowledging his shame and his purpose to live down his old offenses.

Ruef has been a sick man for several weeks, but his mental condition must be even worse than his physicial, for he showed in court the yellow streak which his enemies have predicted would come out when he had exhausted all the legal devices to stave off the trial of his case.

Ruef's promise to tell all has caused consternation in political circles. It means certain conviction on many charges and long terms in State prison for Mayor Schmitz, and it may mean the conviction of the railroad and telephone officials, against whom the charges have been made.

Those who know Ruef, well believe, however, that when his present spasm of weakness and remorse has passed he will fail to make good with any valuable revelations except in regard to Mayor Schmitz, whom he hates because he openly gloated over Ruef's discomfiture.

Schmitz still believes that the friendship of certain prominent men will save him from paying penalty of his misdeeds and he has taken no pains to hide this from Ruef, and to impress upon the dethroned boss that they are not in the same boat.

Cold Weather.

Snow fell in Paducah Ky., yesterday. The flurry lasted but a short time, but was plainly visible. It followed a heavy rain.

The United States Weather Bureau reports killing frosts over central and western Nebraska Tuesday night, and light frosts over the eastern portion of the State. Snow was falling yesterday at many points along the Missouri river. Deadwood, S. Dak., reports two feet of snow.

A light frost, ice, and a temperature of 26 to 32 degrees at Topeka Tuesday night, followed the chilly weather of Tuesday over the State of Kansas. Farmers fear the young corn is badly injured.

A DIVIDEND OF TWO DOLLARS AND FIFTY CENTS per share will be paid to the stockholders of the Alexandria Water Company at the office of the company on and after WEDNESDAY, May 15, 1907.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, MAY 16, 1907.

THE UNHAPPY lot of the Czar of Russia is made more and apparent every day. That country is infested with terrorists, and the time has come when there is reason to suspect the loyalty of Nicholas's body guard. He has for years been virtually a prisoner in his own domains, and will probably continue so until his natural demise should he escape the hands of assassins. Dispatches from St. Petersburg show that a terrorist conspiracy directed against the life of Emperor Nicholas, the existence of which has been suspected for some time, has been revealed by the arrest at Tsarskoe-Selo of a soldier of a Guard regiments, who today confessed to the acceptance of a large money bribe to assist in the murder of his majesty. A few minor conspirators have been apprehended, but the real instigators of the crime and the men who furnished the blood money have not yet been identified. The great palace Tsarskoe is being fine-combed today by secret service officers in the hunt for evidence to reveal all the details of the terrorist plot. This evidence that the very regiment on which the Czar's personal safety depends is honeycombed with disloyalty has aroused the greatest fear. The soldier under arrest admitted accepting a large bribe to assist in the contemplated assassination. That the Czar had the narrowest escape since the terrorists began plotting his death is shown by developements in the search. It is known a well laid plot had been arranged whereby the assassin through connivance of the guards would be able to gain admission to the monarch's private offices. Only a miracle could then have saved the Czar.

PROSECUTION of E. H. Harriman and his associates as criminals for gross and wilful violation of the anti-trust laws and suits to dissolve the various railroad mergers which now constitute the Harriman system are recommended in the report of the Interstate Commerce Commission upon its investigation of the Harriman railroads. The report is declared the most sensational document of its kind that ever emanated from a government source. In view of the well-known attitude of the administration toward the Harriman combination, little doubt is entertained that a series of great suits will be instituted in the immediate future to dissolve the different agreements, contracts and stock-holding compacts by which the Union Pacific holds control of many of its properties. At least this should be done.

THE GRAFTERS, those indicted as well as those who so far have escaped Assistant District Attorney Heney's dragnet in San Francisco, were panic-stricken yesterday afternoon when Abe Ruef, boss of the political machine and arch grafter, in Judge Dunne's court pleaded guilty to the indictment on which he was about to be placed on trial and announced that, in an endeavor to regain his former good name, he intended to help overthrow the "system" which has made San Francisco's grafting a stench in the nostrils of the country. Feeling sure of his conviction and dreading the consequences he withdrew his plea of not guilty and hopes to escape the penalty. It is hoped that Reuf's career will prove a lesson to others of his ilk and that hereafter San Francisco may be governed by honest men.

IT WOULD appear from the statement of the Japanese Ambassador to France that his government does not covet possession of the Philippines, and would be willing to put such a renunciatory purpose into treaty form. It seems that no other nation is willing to take this burden from the United States and in the long run this government may be obliged to turn over the whole archipelago to the rightful owners.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, May 16.

Publication of the drastic recommendations made to the Interstate Commerce Commission by Kellogg and Severance, its special counsel in the Harriman inquiry, may hasten the efforts of the commission to force Harriman to answer questions which he refused to do in the hearing here during the winter. The filling of the motion to compel the railroad magnates to enlighten the commission upon the points in controversy, has been due to the request of Kellogg, who asked for time in which to prepare his report on the investigation, and attend to certain matters connected with the federal prosecution of the Standard Oil trust, in which he is also engaged as special counsel. It had been his desire to postpone action until summer and his request for time had been granted. He has now notified the commission that he will be prepared to submit his motion within a week. He has been advised that at this or a later date will be satisfactory to the commission inasmuch as no decision is expected in the case, until after the summer recess. A high authority in the commission declared recently that while Harriman's operations were morally vicious, it would seem that the manipulator was shrewd enough never to have overstepped the legal boundary line. This statement was made, too, in the face of disclosures that Harriman, for the Southern Pacific, and ex-Senator W. T. Clark, for the San Pedro line, had two years ago signed 99 year agreement for the control of the trade of California and the maintenance of rates and the exclusion of competition. The agreement was abrogated within the past few days.

Baron Moncheur, the minister from Belgium, has just returned from a visit to South Carolina, where he went to investigate the condition of Belgian laborers in the cotton mills of Greenville, Columbia, and other places as to which some complaints have reached his home government. He said today that he found the conditions eminently satisfactory. The Baron will advise against Belgian coming to the south to perform agricultural labor, because they would be placed in competition with negroes, who are more fitted for the work and the climate.

Stories that Secretary of the Treasury Cortelyou has been quietly undermining the Taft boom through the manipulation of federal patronage, especially in the South, and that he is jockeying for the presidential nomination next year for himself are not believed by well informed persons here. There is no question, however, that Cortelyou is seriously considered as available presidential timber. Not for 1908, but for 1912. His long service as chairman of the republican national committee and his close friendship with the leading republicans of the nation would be an additional asset, should he decide to become a candidate four years from now.

Terribly cut and slashed, and bleeding to death, Gilbert Lewis, 22 years of age, was found about 5 o'clock this morning unconscious, in the front yard of 1224 27th street. He died an hour later. Eugene Rutherford, another negro, was identified as his assailant. It is the theory of the police that the two men had been drinking, and that an altercation followed.

Senator Cullom today made emphatic defense of Speaker Cannon against the charge preferred by some of his enemies that he is a "reactionary." Volcanoes Causing Alarm.

Naples, May 16.—With the volcanos Stromboli and Etna in active eruption, residents of this part of Italy are becoming alarmed lest the disturbances may spread to Mt. Vesuvius. The memory of the last terrible disturbance a year ago is fresh in the minds of all Italians and they have the greatest dread of Vesuvius.

There has been a slight decrease in the flow of lava from Stromboli in the last day or two and residents of that island are becoming calmer. The panic has by no means abated, however. While Stromboli appears to be quieting down Mt. Etna is becoming more violent. Dispatches received today from Tarmina say that great clouds of smoke and ashes are being emitted from the crater. This fresh disturbance, taken in connection with Prof. Pettit's prediction that the valcano would soon become violent, has had great effect upon the natives.

This was seconded by the Rev. H. B. Lee and discussion followed. The resolution was unanimously carried.

The Bishop then announced the hours for the business session of the Council.

On motion of the Rev. J. W. Ware the election of clerical and lay delegates for the next general convention to be held in Richmond this fall was made the order of the day at the business session this evening.

It was moved that there be an appropriation of $200 to the Sunday School Commission for its work during the coming council year and that this be referred to the finance committee. Another resolution was passed appointing the 3rd Sunday in October for collections throughout the diocese in the interest of the Sunday School Commission. The council then took a recess until 3:30 o'clock.

The Council met at 3:30 o'clock with Bishop Gibson in the chair, the order of the day being the election of deputies to the General Convention. The Bishop appointed the following tellers; for the clergy Revs. Messrs. Burkhardt and Robinson, and for the laity Messrs. Bentley and Merrick. The following clergy were placed in nomination. THE DRINKING OF WATER.

It is said to be a fact that a great many people do not dring sufficient water. Whether this is due to the unplatability of the water supplied to not a few of the cities of this country or to other causes, the fact is said to remain, and the statement is made that directly thereto is to be traced not a little of the sickness doctors are called upon to treat. Especially is this true of disorders of the kidneys and bladder, which organs are said to be greatly benefited by the flushing that naturally follows the free use of good drinking water. The lack of such flushing is asserted to be in large measure responsible for many of the kidney and bladder disorders with which physicians have to contend. A favorite and successful treatment for such cases, used by progressive medical men, consists of the administration three times a day of a table-spoonful of this prescription, which any first-class pharmacist can compound: ½ oz. Fluid Extract of Buchu, ½ oz Fluid Extract of Uva Ursi, 1 oz. Amet Cordial, ½ oz. Fluid Extract of Liverwort and 15 ozs. water. A feature of this treatment is the direction to the patient to drink plenty of water and to continue the use of the medicine for at least a month, in order that the impurities which cause the disorders may be entirely eliminated from the system.

"THE STATE OF THE CHURCH."

A decided sensation was created at the twelfth annual Episcopal convention of the Diocese of Washington, held in St. Alban's Church, Washington, yesterday, when Rev. C. Ernest Smith, D. D., rector of St. Thomas' Church, read his report on "The State of the Church," arraigning Sunday golf, riding and driving, dinner parties, and receptions as the causes for the falling off in attendance, contributions, communicants and general interest in church matters. Following are extracts from the report:

Many of our most prominent citizens are only occasionally seen at church; others, never.

Nowsdays a man can stand on the topmost rung of the ladder social and political, and be at the same time out of all church life.

Sunday is probably worse kept in Washington than in any other city of the East.

Nowhere else, so far as we know, is there such a lamentable neglect of respect due to the pastoral office of the clergy as here.

With the best intentions in the world, physicians often forbid pastors to see their patients. What wonder that now comes Christian Science, so-called, and forbids the physician himself to see the sick!

Sunday, throughout a large part of Washington, is neither a day of rest nor of religious observance.

Among our more interested brethren there is a widespread attitude of disloyalty toward those rules of the church which for centuries have been observed by the faithful.

Is there another diocese, with the wealth in its people's hands, which can say its income for one year, for all purposes, from all churches, was only $304,-343.29?

Then as he rushed from the room he snapped the pistol at her. The police found de Gravio hiding in a tenement on the second floor of the building.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Mr. Carlin in the County.

A mass meeting of the voters of Alexandria county was held last night in the courthouse, when Mr. Charles C. Carlin, of this city, delivered an address in support of his candidacy for Congress. The meeting was called to order by Mr. Curtis B. Graham, chairman of the democratic county committee, and Mr. Richard C. L. Moncure was chosen chairman. He introduced Mr. Carlin, who, at the outset of his speech, was handed a beautiful bouquet of white roses, attached to which was a card inscribed: "From the citizens of Alexandria county." The presentation was made by little Miss Gertrude Collins.

Mr. Carlin in his speech referred to a number of matters of particular interest. He declared in favor of the construction of the memorial bridge and indorsed the eight-hour law. He favored the repeal of the "dipnet" law in so far as it interferes with the citizens of Alexandria county catching fish with dip nets in the Potomac for family use. The audience showed marked enthusiasm, repeatedly applauding the speaker.

It was expected that Mr. John F. Ryan, of Loudoun, would deliver an address at the meeting in the interest of his candidacy, but he sent word that a previous engagement prevented his attendance.

Funeral.

The funeral of William, the six-year-old son of Mr. and Mrs. Michael Creegan, who died from injuries received by being run over by an electric car on south Royal street last Sunday afternoon, took place from St. Mary's Church this morning. There was a large attendance of friends and relatives of the family. The services were conducted by Rev. Father Kelly, during which he spoke pathetically of the sad circumstances in connection with the death of the little boy. The pallbearers were members of the parochial school—Masters John T. Hill, Russell Travers, Bertram Richards, Lee Donnelly, Joseph Lash and Francis Lash. The floral offerings were pretty and profuse. One piece, "The Gates Ajar," was sent by employees of the Electric Railway Company. All the pupils of the schools conducted under the auspices of St. Mary's Church attended the services, and had the weather permitted would have formed part of the cortege to the cemetery. At the close of the services each of the scholars placed a carnation upon the casket. The singing at the funeral was conducted by pupils of St. Mary's Academy.

Pansy Blossom's Baby Party.

The performance of "Pansy Blossoms Baby Party" to be given by the Sunday School choir and other local talent at Christ Church parish hall next Thursday evening, May 23, promises to be a most interesting event. Rehearsals have been in progress for several weeks past and an excellent entertainment is assured. A number of bright songs and choruses will be sung, while the "March of the Toys" is particularly amusing, as every one walks through it with the stiff movements of a mechanical doll. Among those who will sing solos are Miss Janet Rowen, Miss Gertrude Pickin, Miss Ellen Nagel, Messrs. Wilbur Maddux, Martin Green and Warren Grimes. Tickets may be had at Gibson's, Allen's and Taylor's drug stores.

Investigation to be Made.

Yesterday evening an employee at one of the cemeteries adjoining this city had occasion to go to a remote section of the enclosure where he found a man with a little girl. The employee, who made the discovery, ascertained the name of the man, but he was unable to find any one who could identify the child. They were afterwards seen to enter a house in the northern section of the city. All the information that could be obtained has been given to the police and an investigation will follow.

Appointed Storekeeper.

Mr. F. A. Waring has been appointed division storekeeper, of the Southern Railway in this city vice J. T. Goodloe, who has been transferred to Selma, Ala. Mr. Waring formerly served the company as division storekeeper and in various other positions for the past 18 years and is thoroughly conversant with all their duties. The officers and employees of the department who have been associated with him wish him abundant success in his new position.

Death of Mrs. Reed.

Miss Bertie Reed, wife of Edward M. Reed, died about 10 o'clock last night at the home of her uncle, George H. Hinken, 1011 Queen street. Besides her husband, two children survive her. Mrs. Reed had been in ill-health for some time. She had recently been operated upon at a Washington hospital, and later had been partially paralyzed.

The Condemned Men.

The news that a writ of error had been granted by Judge Keith of the Court of Appeals in the case of George Midgets, colored, sentenced to hang in this city next Friday week, was received here yesterday with little regret. There has always been a doubt entertained by a number of citizens as to the guilt of the man and while all say if he really committed murder he should hang yet they want his guilt clearly proven. Midgets is still in the Fredericksburg jail where he will probably remain till the Court of Appeals acts further in his case. This will not be done for some time.

Joseph Wright, colored, who was sentenced to be hanged in the county jail on the 31st of May, on the charge of criminal assault is growing very nervous. The Court of Appeals has refused him a new trial and the only thing that can save him is executive interference. The report published recently to the effect that Judge Keith had stated that Wright's case was one in which the Governor should act is denied by Judge Keith.

D. A. R.

The ladies of Mt. Vernon Chapter, D. A. R., held their monthly meeting last night at the residence of Mrs. W. J. Morton and were charmingly entertained by their hostess. The meeting was largely attended, and the most important business transacted was the election of officers which resulted as follows: Mrs. W. A. Smoot, regent; Mrs. W. J. Morton, vice regent; Mrs. Dabney Herndon, recording secretary; Miss Carrie Wise, corresponding secretary; Mrs. John Leadbeater, treasurer; Mrs. Howard, register; Mrs. Stewart Jamieson, historian. The ladies have about seven-five valuable relics to send to Jamestown in a few days to be placed on exhibition there. These were kindly loaned by Alexandria people.

New Law Firm.

Mr. John S. Barbour, of Culpeper, has joined the law firm at Fairfax of Moore and Keith, to which Messrs. R. Walton Moore and Thomas R. Keith now belong, and the new firm will be Moore, Barbour & Keith. Mr. Barbour, who will at once take up his residence at Fairfax, is a son of the late Hon. James Barbour and a nephew of the late Senator John S. Barbour. He has been for years a leading member of the Culpeper bar and represented that county in the constitutional convention.

Police Court.

[Justice L. H. Thompson presiding.]

The following cases were disposed of this morning:

James Griffin, charged with being drunk in the street, was fined $1.

Thomas Alexander and Charles Hardy, both colored, charged with disorderly conduct and fighting, were fined $5 each,

Lewis Jackson, colored, charged with disorderly conduct, was dismissed, the complainant failing to appear.

Favor Commissioners.

Previous to the meeting of the Board of Aldermen Tuesday night several members were interchanging notes on political economy. It was conceded that there are too many officials and that too much money is expended annually in running the city of Alexandria, and that by the appointment of commissioners considerable money could be saved and applied toward ridding the city of the debt now hanging over it.

Mt. Vernon.

The Mount Vernon Ladies' Association is holding its annual session at Mount Vernon. The council will devote itself during the week to hearing the reports of the different members, as well as that of the superintendent of the home, H. H. Dodge. The meeting was to have been held last week, but was postponed on account of the Jamestown Exposition.

Foot Mashed.

Harry Carr, of Baltimore, while engaged this morning in setting up some heavy machinery at the Portner brewery, got his foot caught under one of the pieces and was painfully hurt. He was taken to the Alexandria Hospital where he was attended by Dr. Gorman who dressed his injuries.

Big Meeting.

American Cotton Manufacturers.

Philadelphia, Pa., May 16.—President W. W. Finley, of the Southern Railway Company, delivered one of the principal addresses at the meeting of the eleventh annual convention of the American Cotton Manufacturers Association here today.

Taking up the subject of adverse railroad legislation Mr. Finley said: "Unfortunately, the legislation enacted in some of the States and proposed in others is tending to make it difficult for the roads to sell their bonds to provide funds for new construction. This condition of affairs is injuring not only the railroads, but every business interest in the country."

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by. W. F. Creighton and Gibson and Timberman.

CARD OF THANKS.

Mr. and Mrs. Michael Creegan and the members of their family take this method of expressing thanks to their many friends and acquaintances who have manifested so much sympathy for them in the sad affiction to which they have been subjected. The expressions have been spontaneous and earnest, while the floral tokens were profuse. Such evidences will be green spots in the souls of the afflicted ones which will not be effaced by time.

LOCAL BREVITIES.

The Friday Night Dancing Academy will give a May ball tomorrow night which will be the last of the season.

The ice cream festival given last night at Christ Church Parish Hall by the Girl's Friendly Chapter of that church, was well attended and quite successful financially.

The alarm of fire about 11:30 this morning emanated from the extreme northern section of the city. The department proceeded to that locality, but no cause for the alarm could be ascertained.

The warm weather of yesterday was followed by cloudy conditions at the close of the day and at night by light showers. The weather today has been rainy with lower temperature than that prevailing yesterday.

Suicide Pact.

Bound by an oath, taken when schoolgirls together, four Iowa girls, who had promised each other that when one died all should, attempted suicide at Des Moines yesterday. Two of them are dead. The girls live in different parts of the State, but developments last night show that the suicide attempt occurred at exactly the same time, in precisely the same way, and for the same reason.

The dead are Kate Farrell, of Birmingham, and Kittie Broell, of Cox Creek.

Elizabeth Fletcher, of Bonaparte, and Lily Milburn, of Darby, are still alive, but reported dying. All four girls took strychnine just at 8 o'clock yesterday morning. Ill health is reported to be the cause of suicide in each case.

Kate Farrell was the daughter of James Farrell, a well-to-do farmer residing near Birmingham. Kittie Broell took strychnine, and, to make death more certain, blew her head off with a shotgun. Her sister had just died, and she grieved over the fact until she became ill.

The most sensational case was that of Kate Farrell, who, it is claimed, committed suicide because she had been forced to marry a man she did not love.

Grand tonic for the aged and for female weaknesses. Great alterative and body builder; sure cure for lame back and weak kidneys. Guaranteed by E. S. Leadbeater & Sons, druggists, 50c.

Minister Assaulted.

Rev. E. A. Richards, a Methodist minister, formerly of Norfolk, Va., possibly was fatally injured in a fight with Ellis J. Morrell, a wealthy merchant in Carter county, Tenn., yesterday. The fight grew out of a personal matter, the exact nature of which is not known. Morrell met the minister in the postoffice at Bristol and told him to prepare himself for a sound thrashing. The minister threw off his coat and prepared to defend himself. He was struck a dozen blows by the merchant and knocked down several times, each time rising and attempting to defend himself. Friends of the combatants rushed in and parted them. Physicians who examined Rev. Mr. Richards say that he has several wounds in the head which may prove fatal. He suffered a stroke of nervous prostration after the fight, and is in a critical condition. Morrell says that he was justified in whipping the minister and only used his fists.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by E. S. Leadbeater & Sons.
